

BvB Dallas is a young-professionals organization dedicated to raising money and awareness for Alzheimer's Disease research and care. Each year, the organization hosts a powder-puff football game as a personal way for Dallas philanthropists to raise awareness, funds, and support to help eradicate this grave disease.

Founded in 2008 by a group of young professional women, BvB Dallas is a way to honor and remember loved ones who suffered or are suffering from Alzheimer's and related diseases. BvB Dallas is the most successful participating city on and off the field, raising over \$3.5 Million in funds and recruiting over 1,000 volunteers in 10 years.
